According to our records, you're not a Marin County Bicycle Coalition member.

Support the team working to make your rides better by [joining or renewing today!](#)

RICE TO ANDERSEN PATHWAY OPENS

Following years of persistent advocacy and collaboration with Marin agencies, Marin County Bicycle Coalition was delighted to take part in a ribbon-cutting ceremony July 16 for the newest linkage in our North-South Greenway: a pathway from Rice Drive to Andersen Drive in San Rafael!

ADVOCATE > CELEBRATE > REPEAT

EASY GRADE TRAIL MOVING FORWARD

Following closely on the heels of Azalea Hill's recent approval, another 3 Gaps Trail Initiative project is primed to move forward. State Parks on July 17 confirmed that they will pursue a change-in-use for Easy Grade Trail, improving off-road bicycling connectivity on Mt. Tamalpais and moving us closer to the completion of a continuous bike-legal dirt route from Golden Gate Bridge to Pt. Reyes!

#EXPERIENCETMCBC PHOTO OF THE MONTH

Thanks to Patrick K. ([@patrick.k33](#)) for this month's #ExperienceMCBC photo of the month, taken on our recent ride on Mt. Burdell. Keep an eye out for opportunities to ride with us (typically the first and last Thursdays of the month, with some exceptions)!

Each month, we'll highlight our favorite photo showcasing Marin's celebrated roads, pathways, trails, and bicycling community. Submit using #ExperienceMCBC on Instagram.

WHAT WE'RE READING

How Utrecht Became a Paradise for Cyclists ([CityLab](#))

"A new short film... reveals how this city of 330,000 turned into a cyclist's paradise... Specialized roads and parking facilities gives bike riders the upper hand over cars, which make up less than 15 percent of trips into city center. Some 60 percent happen in the saddle."

Class 1 eMTBs Can Now Access Select Non-Motorized Trails After Tahoe Nat'l Forest Clarifies Rules ([Singletracks](#))

"Now that eMTB classification is more clear, and Tahoe National Forest managers understand how the three classes are different, they can allow class 1 eMTBs on non-motorized trails."
